WHAT OTHERS SAY ABOUT THE PROGRAMME

By being a CGMA, it strengthens my decision making ability as it enables me to look at situations from all aspects, not just the financial aspect. It also enables me to think from the perspectives of the CEO and the shareholders of the company. I also like the fact that as a CGMA, I have access to explore and learn new trends and developments in management, business and finance, and keep myself updated professionally.

CIMA PROFESSIONAL QUALIFICATION

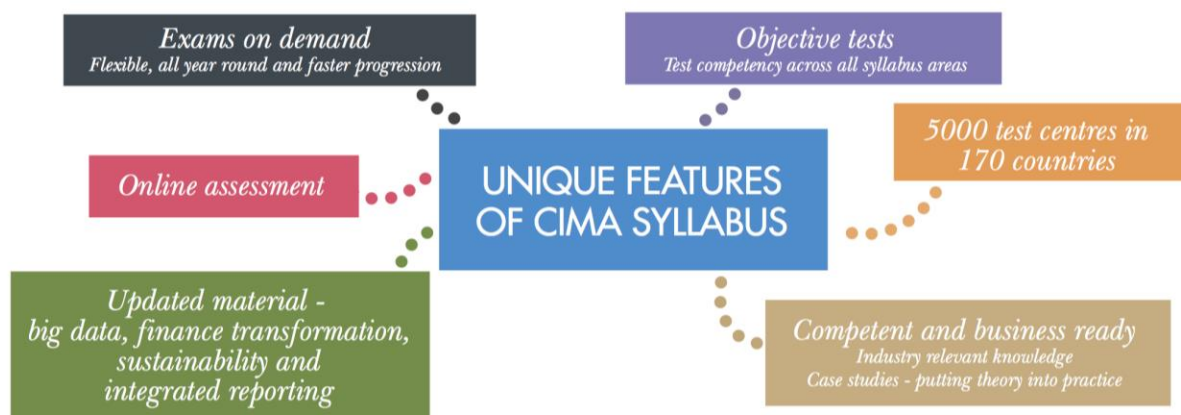

STRATEGIC LEVEL

The Strategic Level consists of the E3, P3 and F3 subjects and one case study. This level focuses on making strategic decisions for the long term and the exams are online, objective style and 90 minutes long.

The case study combines the knowledge and learning across the three subjects. It is set within a simulated business context based on a real business or industry, and focuses on application, analysis and evaluation. The case study exam is online, three hours long and incorporates calculations, short answers and essay.

CIMA PROFESSIONAL QUALIFICATION SYLLABUS

The CIMA syllabus addresses the employability needs of both business and people, producing competent and confident management accounting professionals who can guide and lead their organisations to sustainable success. View details at www.cimaglobal.com/Qualifications
