The Institute of Indonesia Chartered Accountants or Ikatan Akuntan Indonesia (IAI) is the recognized Professional Accountancy Organization (PAO) in Indonesia. Established on December 23, 1957, IAI continues to serve and develop the accountancy profession in the country through among others, establishment of the Chartered Accountant (CA) Indonesia qualification and other professional accountancy certifications, continuous education and training, and standard-setting activities.

IAI is home to more than 33,000 Indonesian accountants from different backgrounds; public accountants, educators, private (management) and public (government) sector accountants, tax, and forensic accountants.

The Institute is recognized as a co-founding member of both the ASEAN Federation of Accountants (AFA) and the International Federation of Accountants (IFAC). IAI also an Associate Member of the Chartered Accountants Worldwide (CAW), reflect it's global recognition for the Chartered Accountant (CA) Indonesia holders.

IAI is committed to implement IFAC's standards as the best practice in improving the quality of the accountancy profession in Indonesia.

The Purpose of IAI Establishment

- 1 **GUIDING THE DEVELOPMENT OF ACCOUNTING AND ENHANCING THE QUALITY OF ACCOUNTANT EDUCATION**
- 2 **ENHANCING THE QUALITY OF ACCOUNTANTS' WORK**

Determination of the First IAI Legal Entity

The Minister of Justice of the Republic of Indonesia ratified the Articles of Association and the first Bylaw of IAI and recognized IAI as a legal entity in the form of an association according to the List of Determination of the Minister of Justice dated February 11, 1959, No. J.A. 5/13/16. This determination was announced through the State Gazette of the Republic of Indonesia dated March 24, 1959 No. 24.

Philosophy of IAI logo:

- 1 Philosophy of the circle in the IAI symbol has the meaning of whole, unification, togetherness, and sustainability.
- 2 The circle shape shows IAI as a unifying forum for all Indonesian accountants.
- 3 IAI's writing in the middle of the circle reflects a strong and dignified accounting profession.
- 4 The blue colour in the circle and around the IAI tittle reflects the professional integrity of the accountant.
- 5 The red colour in IAI tittle reflects the accountability and credibility of Indonesian accountants.

Authorities

Congress

The Congress is the holder of the highest sovereignty of the organization which is held once in 4 (four) years organized by the IAI National Council (DPN). The Congress has the authority to refine and stipulate the Basic Articles of Association (AD/ART), the Organizational Guidelines, the General Program of the IAI, and make other decisions deemed necessary. In the event every 4 years, the DPN will report accountability for the mandate that has been given by the previous Congress. At the Congress meeting, the election and appointment of the National Executive Board (DPN), the Advisory Council, and the Honorary Council were also held.

Advisory Council

The Advisory Council (DP) is the body appointed and dismissed by the Congress. The leadership of the DP is elected from and by the members of the DP. The DP functions to help maintain the dignity and honor of the profession and is authorized to provide advice, advice, or considerations to the DPN whether requested or not.

National Council

IAI National Council (DPN) is the highest executive institution of IAI which is collective and collegial. DPN has the authority, among others, to establish and determine agencies, establish, determine and dissolve Regional and Compartmental IAIs, and represent IAI inside and outside the court as well as in the form of legal engagements with outside parties. In addition, the DPN also has the authority to impose sanctions on IAI members, establish and ratify organizational regulations, carry out other activities needed to carry out their duties, obligations, authorities and responsibilities to carry out activities in the context of achieving organizational goals. made and all decisions of the organization, take into account and carry out the advice, instructions, and directives of the Advisory Council, and provide accountability to Congress.

Honorary Council

The Honorary Council is an appellate judicial body that reports to Congress.

Ethics Committee

The Ethics Committee (KE) is a body that is part of the IAI organization and has the autonomy to formulate and codify the IAI code of ethics.

Financial Accounting Standards Board

The Financial Accounting Standards Board (DSAK) is the body in charge of formulating, developing and ratifying SAK, increasing Indonesia's role and influence in the preparation of International Financial Reporting Standards (IFRS), as well as answering questions from regulators, associations and foreign institutions related to SAK in terms of their views. Need to be based on DSAK considerations.

Certification Board of Professional Accountant

Certification Board of Professional Accountant (DSAP) is a body that compiles and ratify policies and competency standards and carries out professional accountant certification exams and other IAI certification exams. In addition, DSAP is also tasked with determining the assessment of the accounting professional practice experience of the Main Member candidates.

Consultative Board of Financial Accounting Standards

Consultative Board of Financial Accounting Standards (DKSAK) is a body that is part of the IAI organization, to provide views on the direction and scale of priorities to the Financial Accounting Standards Board (DSAK). DKSAK is authorized to provide views on the direction and priority scale of the development of Financial Accounting Standards (SAK) that will be enforced, as well as to provide opinions and considerations on the impact of the implementation of the SAK. DKSAK IAI can also give consideration to the appointment and dismissal of members of DSAK IAI to maintain the quality of the preparation of SAK in Indonesia. In addition, DKSAK IAI conducts fundraising for the preparation of SAK.

Sharia Accounting Standards Board

The Sharia Accounting Standards Board (DSAS) is a body that is part of the IAI organization, which is tasked with formulating, developing and ratifying the Sharia Financial Accounting Standards Statement (PSAK Syariah), as well as answering questions from regulators, associations and foreign institutions related to Sharia PSAK in the event that it is deemed need to be based on DSAS considerations.

IKATAN AKUNTAN INDONESIA
Institute of Indonesia Chartered Accountants

Quality Review Board for KJA

Quality Review Board for KJA is an agency that reviews the quality of compliance of IAI's main members who have a license to establish KJA in providing services based on the Indonesian Accountant Code of Ethics and Professional Standards for Accountants.

Board for Professional Service Standards of Accountants

The Board for Professional Service Standards of Accountants (DSPJA) is the body authorized to compile the Professional Standards for Accounting Services and Quality Control Standards which are the reference and applied by Accountants who provide services through KJA. DSPJA is also responsible for continuously updating these standards according to the latest developments from the standards being issued by the International Federation of Accountants (IFAC).

Enforcement Board of Member Discipline

The Member Disciplinary Enforcement Council is the body that carries out the enforcement of member discipline.

Implementation Team of Financial Accounting Standards

The Implementation Team of Financial Accounting Standards (TISAK) is the agency tasked with increasing public understanding of SAK in preparation for the implementation of the IAI IFRS convergence program through socialization, discussion, dissemination, education and training activities as well as other activities. TISAK can also provide input to the DPN, DKSAP and DSAP in order to address issues, consultations, and problems in the preparation and implementation of the IAI IFRS convergence program. In addition, TISAK also has the authority to conduct research and assessments to improve the quality of financial reporting in the context of implementing the IAI IFRS convergence program.

IAI Region

Regional Management is the highest executive institution in the region whose management is determined by the DPN. Regional Managers have the authority to manage Regional IAI and Compartmental activities in the Region, as well as carry out work programs in accordance with the directions of the IAI DPN and develop work programs in their regions.

Compartment

The compartment is the part of the IAI organization that is in charge of managing activities in the context of implementing the IAI program based on the classification of the background of tasks and fields of service of IAI members. The Compartment has the authority to compile the work program of the Compartment in order to improve professionalism, carry out professional activities and scientific functions of IAI Members in accordance with strategic policy directions that have been determined by the IAI DPN.

Executive Management

Executive Management (ME) is a management tool that permanently carries out the overall administrative and operational functions of IAI in order to carry out the mandate of members to achieve organizational goals. ME has the authority to form the internal completeness of its organization in carrying out the main tasks that have been determined; and carry out overall administrative and operational activities for the benefit of the DPN. ME is in charge of preparing and implementing the elaboration of the IAI General Program with the approval of the DPN, carrying out the operationalization of all DPN policies. In addition, ME is also tasked with maintaining the unity of the formulation of DPN policies with AD/ART, and Organizational Regulations as well as the results of the congress, and providing services for the functioning of the Advisory Council, Honorary Council, Compartments, regions, and all other organizational organs. ME also has the task of maintaining the consistency of the implementation/sustainability of programs and organizational operations, and representing IAI in the form of a corporate engagement.

Note:

*All management, agencies, and management completeness in carrying out their duties must be guided by the Articles of Association, Bylaws and IAI Organizational Regulations.

IKATAN AKUNTAN INDONESIA
Institute of Indonesia Chartered Accountants

IAI Publications

IAI has compiled and established a code of ethics, and professional accounting standards, and developed Financial Accounting Standards (SAK). In order to improve the competence of accountants, IAI has compiled a certification exam module,

basic accounting module, and financial accounting textbooks. IAI has also compiled a number of guides and publications that can be used as a reference in the activities of various entities in the private and public sectors.

Financial Accounting Standards (SAK)

SAK is a Statement of Financial Accounting Standards (PSAK) and Interpretation of Financial Accounting Standards (ISAK) issued by the Financial Accounting Standards Board (DSAK)

and the Sharia Accounting Standards Board (DSAS) as well as capital market regulator regulations for entities who is under his supervision.

1

SAK

SAK used for entities other than those using SAK ETAP and SAK EMKM

3

SAK EMKM

SAK for Micro, Small and Medium Entities

2

SAK ETAP

SAK for Entities Without Public Accountability (except as permitted by the regulator)

PSAK Syariah

Statement of Financial Accounting Standards for Sharia transactions

IKATAN AKUNTAN INDONESIA
