VISA AND INDONESIA ARRIVAL CARD

For many nationalities, Indonesia offers a Visa on Arrival (VOA) or an Electronic Visa on Arrival (e-VOA) for tourism and other short-term purposes. You can either obtain the visa upon arrival at a designated immigration counter or apply for the e-VOA online beforehand to save time.

About the Visa on Arrival (VOA / e-VOA)

Validity	The visa is valid for 30 days and can be extended once for an additional 30 days, for a maximum total stay of 60 days. After 60 days, you must leave the country.
Cost	The visa fee is IDR 500,000 (around \$35 USD).
Purpose	The VOA is for single-entry visits for tourism, business meetings, purchasing goods, or transit. It is not for employment or running a business.

Single-entry visa	The VOA becomes invalid if you leave Indonesia. To re-enter, you would need to apply for a new visa
How to get a VOA	1. Upon arrival (VOA): You can purchase the visa at a dedicated counter in the arrival hall of a major international airport or seaport. Payment can be made with a credit card or cash (in Indonesian Rupiah, USD, EUR, AUD, or GBP). 2. Online beforehand (e-VOA): For a faster process, you can apply for an e-VOA on the official Indonesian immigration website, evisa.imigrasi.go.id, before your trip. This allows you to skip the queue upon arrival and may enable the use of e-gates if you have a biometric passport.
E-VOA	1. Visit: https://evisa.imigrasi.go.id/web/visa-selection 2. Select your country 3. Choose your main purpose: Investment, Business, or Government 4. Choose sub purpose of your visit: Business, Meeting, and Goods Purchasing 5. Select your type of visa: B1 Tourist (Visa On Arrival)
Arrival Card	Indonesia has introduced a unified digital portal, named “All Indonesia”, to streamline immigration, customs, and health procedures into a single form, replacing multiple separate processes like SATUSEHAT (health declaration) and e-CD (customs declaration) online forms. 1. Travelers fill out this form within 3 days (ideally 72 hours) prior to arrival 2. The process takes about 2.5 minutes to complete 3. Upon submission, a QR code is generated and sent via email, which must be presented to immigration/customs upon arrival 4. It's free of charge Please complete your Arrival Card before entering Indonesia by filling out the required information. https://allindonesia.imigrasi.go.id/
